Cakiweb
Be genuine Be nice.

About Our Company

- Welcome to Cakiweb Solutions, a trusted software development company dedicated to transforming ideas into powerful digital solutions. We combine innovation, technology, and creativity to help businesses streamline operations, enhance customer experiences, and achieve sustainable growth.
- With a talented team of developers, designers, and digital strategists, we specialize in delivering a wide range of services including Custom Software Development, ERP Solutions, Mobile App Development, Website Design & Development, and Digital Marketing Services.
- At Cakiweb, we focus on building scalable and performance-driven solutions tailored to your unique business goals. Our mission is to empower organizations with technology that drives efficiency, innovation, and measurable success.

Vision & Mission

Vision

Our vision is to be a global leader in software development and digital innovation, recognized for our cutting-edge technology, exceptional quality, and client-centric approach. We aspire to set new benchmarks in IT excellence, transforming businesses through technology and contributing positively to the digital future.

Mission

Our mission is to empower businesses by delivering innovative, reliable, and scalable software and digital solutions that enhance efficiency, boost growth, and drive digital transformation. We are committed to excellence, creativity, and integrity, ensuring our clients achieve measurable success and long-term value in a competitive digital landscape.

Our Work Process

From Product Design, Development, and Deployment to Digital Marketing and Support

Consultation

- Understand client goals and project vision to create tailored strategies and technical roadmaps.
- **Outcome:** Clear project scope and achievable milestones.

Design

- Craft intuitive UI/UX layouts ensuring user-friendly navigation and brand consistency.
- **Focus:** Creativity, usability, and modern aesthetics.

Development

- Develop robust Web, Android, and iOS applications using scalable technologies.
- **Stack:** PHP, MySQL, React, Flutter, Laravel, and more.

Marketing

- Execute SEO, Google Ads, and Social Media campaigns to boost online visibility and engagement.
- **Goal:** Drive traffic, generate leads, and build brand presence.

Support & Maintenance

- Provide continuous monitoring, updates, and performance optimization.
- **Result:** Reliable operation and long-term client satisfaction.

Company Growth Process

2017

Foundation Year

Cakiweb Solution was established with a mission to provide quality Website Design & Development and Digital Marketing services to local businesses in Odisha.

2019

Service Expansion

Introduced Custom Software Development and began working with SMEs to digitize business operations through web-based applications.

2021

Client Onboarding

Introduction Call

- Schedule an introductory call to present our team and understand your business objectives, challenges, and project expectations.

Kickoff Meeting

- Conduct a project kickoff meeting to define workflows, assign responsibilities, and align on communication channels and timelines.

Development & Implementation

- Our development team builds and integrates features as per approved specifications, ensuring functionality, scalability, and smooth system performance through every phase.

Training & Knowledge Transfer

- We conduct online and offline training sessions to ensure your team can efficiently manage and operate the delivered solutions with confidence.

Information Gathering

- Collect essential business details, brand assets, and required access (domain, hosting, social media, analytics, etc.) to begin development and setup.

Proposal & Agreement

- Share a detailed proposal outlining the scope of work, project milestones, technology stack, deliverables, and transparent pricing for mutual approval.

Testing & Feedback

- User Acceptance Testing (UAT) is carried out with your team to validate functionality and gather feedback for final refinements, ensuring optimal performance.

Ongoing Support & Maintenance

- We offer lifetime support and maintenance, including updates, monitoring, and troubleshooting, to keep your system secure, efficient, and future-ready.
